Our wide range of products now extends from the construction of conventional domestic pools, through to luxury leisure complexes for hotels, public leisure centres, caravan sites and conference centres. We have a cherished reputation as a leading installer of high-quality pools, spas, associated work and equipment.

All Strandmore Ltd installations are backed by a first-class after-sales service and maintenance division. Please take the time to look at some of our past installations through the web site. If you would like help and advice from a first class pool and spa installation company - contact us today.

## *Introduction*

Strandmore Ltd is a swimming pool construction company established for over twenty-one years. We are gold award winning members of the Swimming Pool and Allied Trades Association (SPATA).

Once we have built your pool we will show you how easy it is to maintain, but should you experience any difficulties, you will never be without a helping hand.

We do not employ unsupervised contract workers; all of our installation technicians are in-house employees, with each and every installation closely supervised by our management team.

From the original plans and drawings to the final completion certificate, every detail is covered, nothing left to chance. We take a responsible, professional attitude to everything we do; this ensures a positive but friendly working relationship for us all.

# Strandmore

Ltd

Pool builders come in several modes, most have good experience for outdoor domestic pools, but frequently lack specialist knowledge when it comes to more complex indoor or commercial installations with innovative design. Many are franchised operations, some less experienced than others. We have a professional team of

top-rank craftsmen, masters of their craft, with many years experience of installing first-class pools and associated work.

We will design not only water features but also the entire leisure installation. The building, the filtration and chemical equipment, the heating and dehumidification equipment, landscaping, plumbing or the electric's; the entire package can be supplied, built and installed by Strandmore Ltd and our in-house specialists.

## *Experienced*

Strandmore Ltd has been in business now for over twenty-one years. We are award-winning members of the Swimming Pool and Allied Trades Association (SPATA) and have the experience and expertise to build you a magnificent

pool - contact us for more details or an appointment.
